The right
information

Two out of three
ain't good.

Laserfiche® digital document management puts all the information you need, from lab reports and evidence photos to audio and video files, into a centralized repository, creating a department-wide information network accessible only to authorized personnel.

Start putting today's technology to work—in the field and at the station. Visit laserfiche.com/LET or call **(866) 888-1669** to learn how.
